

## Careers-Sales Representative in the Japanese market- full time / part time

Our company, a cardiac medical imaging software SME, was founded in 2016. Headquartered in France, we have expanded our global business operations across Europe, China, and beyond.

We are currently looking for a sales representative to lead our expansion in the Japanese market. If you have a strong interest in the medical or software industry and can work with flexibility while cooperating with the team and valuing harmony, we would love to hear from you.

### 【Requirements】

- ✓ Required: Fluency in Japanese, English, and preferably another language
- ✓ Preferred: Experience in medical sales

For more details about our company.

### 【Work Location & Style】

Remote work is possible, but candidates should be able to work from the office occasionally as needed.

Our headquarters is in France, and this position focuses on the Japanese market.

### 【How to Apply】

Please send your English resume and cover letter via email: [ys\\_christophe@casis.fr](mailto:ys_christophe@casis.fr)  
Selected candidates will be contacted with further details.
